Czech   Slovak   Polish

Russian   English

INTERESTS

Capture the Flag Competitions
Reverse Engineering

WORK EXPERIENCE

Exploitation Specialist   3/2020 - present
Manpower Public Group

I ensure that the organization and its customers are fully aware of the latest intelligence relevant to their media and political requirements in a given geopolitical area by providing relevant and timely open source intelligence.

Media Analyst   9/2018 - 8/2021
BBC Monitoring

As Media Analyst, I monitored Czech and Slovak media as well as provided political and media analysis based on open source intelligence. In this role I focused on Russian disinformation and influence monitoring.

Field Open Source Officer   1/2017 - 6/2018
[Company name on request]

I delivered accurate and up-to-date open source intelligence analytical products to customers in a fast-paced environment. I focused on the East European region and advanced social media investigations. I received three awards in this role.

EDUCATION

MPhil Russian and East European Studies   2014 – 2016
University of Oxford

MA (Hons.) International Relations and Politics   2010 – 2014
University of Dundee
